VOL XI No. 35 WETASKIWIN, ALTA., THURSDAY, NOVEMBER 23rd, 1911 V. C. FRENCH, Publisher

Announcement

Friends and Patrons :-

After Wednesday Nov. 8 I will be opening up with a complete line of Drugs, Toilet Sundries, Patent Medicines and Surgical Goods, along with my present line of Stationery and Books, and I will be in a position to meet your wants in any of these lines. Being a Graduate with 8 years experience in the drug business I consider myself in a position to fill your prescriptions satisfactorily. I only solicit your business knowing that I can satisfy you and would not consider myself entitled to a continuance if I could not merit your confidence.

The Stationery Department will remain in charge of a lady as here-to-fore and we do not purpose slighting it at all but to carry a complete range of goods.

Our store is undergoing considerable changes and we will have a complete line of drug fixtures, silent salesmen etc. so we can display our goods in a manner to please.

I trust you will call and inspect our line when convenient, and can guarantee the courtesy you are entitled to besides honest treatment in our dealings.

Remember we will remain in the old Hutching's Stand as here-to-fore.

TIMELY VIEWS ON MUNICIPAL TOPICS

(We do not necessarily endorse the sentiments of this or any other correspondent appearing under this heading.)

To the Editor of The Times.

Dear Sir:—

In reply to letter signed E. J. Davies in your last issue, Mr. Davies has evidently jumped at conclusions without taking the trouble to make any enquiries. In his letter he casts unwarranted reflections on Ald. Angus, and on the electric light committee. Ald. Angus is not a member of the electric light committee and had nothing to do with the turning on of the lights. The members of the committee heard enough kicking when the lights were turned off for one night, and did not thing anyone would be fool enough to kick when they were turned on.

The facts of the matter are, on Wednesday, the power was off all day, and the steam plant was working alone at pumping water. That afternoon I went to the power house and talked to the superintendent about giving light that evening. He was not disposed to do so, owing to the water being still low, but said that if I would take the responsibility, he would turn the lights on. At the time he did not have power enough to pump water and give light at the same time. I immediately called the mayor and explained the situation to him, showed him how much water we had in the reservoirs, and recommended that the lights be turned on till eleven o'clock. The mayor agreed and the order was given that the lights be supplied.

Ald. Angus was not consulted in the matter, but as he had some interest at stake he found out as early as possible whether he could have light or not, and acted accordingly.

There is another story being told on the street, to the effect that on Sunday night when the alarm of fire was turned in, that it was impossible to get the power house. This is not so. There is a special gong at the power house that rings immediately the button is pressed at "Central." Within one and a half minutes after striking, engineers have started the pumps had been started and everything was in order. The telephone had been ringing in the meantime but the men did not answer till after the pumps had been started, as it is not necessary for them to know where the fire is, their duty being to get the pumps going immediately.

Trusting that this will explain to Mr. Davies' satisfaction.

Yours very truly,
A. A. ELLIS,
Chairman Electric Light Committee.

THE CIVIC ELECTIONS

To The Editor of The Times:—

Sir,—Wetaskiwin wants to wake up to the fact that it has too long grovelled beneath the sway of civic representatives who have been more notorious for their do-nothingness for the real development of the city than for themselves, and it is time that the electors put upon the city council men—men of honor and integrity—successful business men, who alone can make the business of the municipality a success. Brains, not swelled heads and neat clothes, make the men for the place, and it is up to the electors to choose only such persons as will work arduously, without sell being always the first consideration for the progress of the town and district. Policy on paper is only so much rot. The usefulness or unfitness of candidates is not comprehended either in what they promise or profess. They should be men who are deservedly successful in the community, and not swells who would ruin anyone to buy them at their own estimation and then sell them at their real value. Public men should be chosen for their soberness, diligence, high moral character, and true commercial aptitude. With such men on our council Wetaskiwin will flourish; but with some who are unfitted of as candidates for municipal honors the place will remain a commercial "slough of despond". An efficient mayor is not enough; he must be supported by good aldermen in the fullest sense of the word. There are some who push themselves to the fore who are only fit to be relegated to the dustheap of undesirables very often in municipal affairs, and the ratepayers find this to their cost when it is too late.

There is a Board of Trade in Wetaskiwin; but it is apparently only a nominal body, sitting at ease, waiting for something to turn up. A live city council will see that when a Board of Trade worthy of its name, equipped with a live secretary who knows his duties, is formed and put into working order, funds are not wanted for conducting a publicity campaign on right lines. A public house campaign is useless. Talk is cheap, and like most cheap things is not worth face value. What is wanted here is less talk and more work. Wetaskiwin should no longer allow itself to be relegated to the backwoods class of cities. It deserves a better fate. But this can only come to it with efficient public men on its public boards. Now is the time to act, and the electors have it in their own hands either to make the city go ahead or to remain the sleepy town and awful specimen of Alberta.

A Citizen.

Wetaskiwin, Nov. 22, 1911.

To the Editor of The Times.

Dear Sir:—

Kindly allow me space in your valuable paper for the following letter.

To the Mayor and Aldermen of the City of Wetaskiwin:

Would you kindly advise the citizens of the City of Wetaskiwin what benefit they are receiving for the sum of one thousand and eighty dollars spent annually for an imported fire chief?

On Sunday, the 11th instant, when my dwelling was on fire an alarm was 'phoned in and central tried for ten minutes before she got someone to ring the bell. Why is there not some one at the fire hall to receive these alarms? Are the private citizens supposed to run to the hall as they had to in this case, and ring the bell?

Is the fire chief acquainted with the location of the hydrants? I think not or he would not have driven so many blocks out of the way to find a hydrant.

The fire brigade had no lanterns. Are they supposed to carry matches to assist in coupling the hose on to the hydrants? or are the neighbors supposed to carry lanterns as they did in this case?

What was the chemical engine bought for? We never saw it used at any of the recent fires.

Why did it take the fire brigade thirty minutes to reach my place only six blocks west of the fire hall?

One on the street corner hears more complaint now than when we had a local fire chief, whose salary and equipment for fighting fire were both limited to an extreme, but who knew the city and the streets and who had the citizens' welfare at heart.

Thanking you Mr. Editor for the space you have allowed me, I remain

Yours very truly,
J. K. Scott.

Nov. 21, 1911.

To the Editor of The Times.

Dear Sir:—

On perusing the columns of your issue of last week, I was greatly surprised, and, not to say the least, awfully amused, at the leiterate effort of E. J. Davies, a would-be candidate for aldermanic honors. At first thought I did not consider Mr. Davies' insinuations worthy of a reply, but after due consideration I arrived at the conclusion that he must be a sleuth of no small ability to ferret out such an ignominious crime and lay the facts bare at an aldermen's door. The wisley sleuth even hints Alderman Angus had a share of the proceeds from an entertainment in the Angus Theatre. Do you suppose he built the theatre for a charitable institution? He states why should an alderman be able to arrange for his business entertainments being supplied with light while all other citizens have to suffer the annoyance and inconvenience and loss of being without light? In the first place this gentleman may be asked to prove his statements that Ald. Angus did make these arrangements, and that all other citizens did not have light. Mr. Davies further states that prior to the entertainment a hand bill was circulated around "town" (the candidate did not even say city), guaranteeing good light. This is the only statement that is at all nearly true and this only in part true. The facts are that owing to the scarcity of fuel and there being no light the night previous, a great many people who intended attending the Juvenile Bostonian show were anxious to know if there would be light that night before purchasing their tickets. Mr. C. C. Bailey, who manages the advance sale 'phoned me stating that the people were anxious to know if the lights would be on that night. After getting in touch with the proper committee, I was assured that there would positively be light for a least the first half of the night. I took immediate steps to word. There are some who push them the citizens know that their fears were groundless. The manager of the company had some 200 programs which he was about to distribute, when I conceived the idea of having printed across the face of them "light and heat guaranteed" and in my moment of haste as it was then 3.30 p. m., I forgot to consult Mr. Davies. Sorry Old Chap, you know!

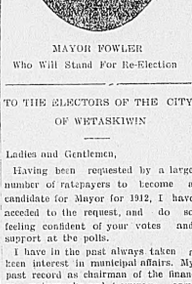

If Mr. Davies had an auction sale of his surplus stock advertised for sale that night, under the same circumstances and suddenly was apprised of the fact that there would be light, would it be a heinous crime to have the same inscription on his bills? Who can tell that if there were no lights on Wednesday night that the Juvenile Bostonian Co., which consisted of 26 people, would not ere this have entered an action against the city for damages to the extent of their average gross receipts? As for who is responsible for the lights coming on or off, you will find in these columns a letter explaining who is who without any echo why, to the satisfaction of all, even a Sherlock Holmes.

I am very sorry for Mr. Davies that he took this method of advertising himself as a candidate for aldermen, as I was not a candidate in opposition to him, but rather favored his appointment, and had he not both in his appeal to the electorate and in his communication showed his entire ignorance of municipal affairs, I possibly would have yet been his supporter.

Mr. Davies states in his appeal that he would favor the "investigation of the advisability" of communication with C.P.R. with a view to establishing some means of protection on the Pearce street crossing, etc. If Mr. Davies were at all conversant with what is going on at the city council, he would know that your Humble Servant had already, some months ago, taken this matter up in the council and that the clerk had several communications with Mr. Maharg on the matter. He states also that he would see that efficient arrangements be made at the power house to secure a regular supply of water. Does Mr. Davies know that the present council have already purchased a 100 horse power steam boiler which is now being installed and a steam driven pump as well as a steam driven compressor? The latter are on the road and are expected daily. This machinery is to complete the separate water unit entirely independent of the electric light system and for the self-same purpose as Mr. Davies advocates. All these have gone through the City Council and have been published in The Wetaskiwin Times.

Why does Mr. Davies not know these things? He also is in favor of a policy of retrenchment. We hope this has nothing to do with the trench that diverts the water from Walker's slough, as we were threatened with an action for damages if that trench was not deepened enough to dry, or nearly dry, that slough. I am sorry that Mr. Davies has resorted to this method of mud-slinging and I know his letters have lost him several votes and I would advise Mr. Davies if he wants any further information regarding the lights and the Angus Theatre, to call on me and I will gladly give him any at my disposal, but if it must be mud why go out and mix your mortar.

Your very truly,
R. M. Angus.

MAYOR FOWLER
Who Will Stand For Re-Election

TO THE ELECTORS OF THE CITY OF WETASKIWIN

Ladies and Gentlemen,

Having been requested by a large number of ratepayers to become a candidate for Mayor for 1912, I have acceded to the request, and do so feeling confident of your votes and support at the polls.

I have in the past always taken a keen interest in municipal affairs. My past record as chairman of the finance, waterworks and sewerage committees, as well as my success in business, should secure for me your votes and confidence. For several years I have been one of the heaviest individual tax payers of the city and naturally believe that the city's interests are my interests. Should you honor me by electing me to the office of Mayor, it will be my utmost endeavor to assist in giving the best legislation possible to the interest and benefit of all concerned. I believe in municipal ownership of all public utilities; also in expansion and the encouraging of manufacturing and other industries, that will provide employment and a pay roll for the people. I believe in the system of single taxation, whereby the man who improves his property will not be penalized but will get some benefit instead of being on the same basis as the speculator and therefore encourage further improvements in the city by way of more buildings, in order to convert their holdings into revenue bearing properly. It will be impossible for me to meet you all personally much as I would like to do so, and take this opportunity of thanking you for your confidence in the past and again solicit your further support, I remain

Yours very truly,
R. M. Angus.

Church News

FIRST BAPTIST

The pastor, Rev. C. T. Holman, M. A., who is closing his ministry here next Sunday, will preach farewell sermons at both services next Sunday.

SWEDISH LUTHERAN

The ladies' aid of the Swedish Lutheran congregation will hold their fall sale at the church on East Pearce street, Thursday, Nov. 30th and will serve dinner at noon and possibly supper in the evening. Any contribution will be much appreciated and attendance is hereby solicited.

Communion services are announced for Sunday, Dec. 3rd, at 11 a.m., by the pastor, Rev. John J. Frodeen, who this week meets with a confirmation class at Falun, but is to preach in Swedish church, near Battle Lake, 20 miles southeast next Sunday, at 11 o'clock a.m.

IMMANUEL

On Sunday last, before a numerous congregation, the Rector, the Rev. Dr. Coard, preached a sermon upon the almost universal state of unrest that at present characterizes three of the great continents of the world, where wars are in progress and referred to the industrial wars recently in the English and Canadian coalfield areas and in other spheres of industrial work. Referring to the war in China the preacher asked the public and private prayers of the congregation for the safet of the Canadian Bishop White and his fellow-helpers in the diocese of Honan.

On Sunday next the Rev. Dr. Coard will preach in the morning on "Arbitration," and in the evening on "The call of Andrew and St. George and the Dragon." All the seats are free and visitors are always welcome. The church is thoroughly well heated and comfortable.

On Sunday afternoon last an adult baptism took place at this church.

The clergy of the Wetaskiwin rural deanery recently met and selected the Rev. Dr. Coard as Rural Dean of the deanery of Wetaskiwin, but Dr. Coard has stated that for personal reasons he must decline the honor.

PRESBYTERIAN

Rev. A. M. Dallas, M.A., of Ponoka, gave an interesting address in the church on Sunday evening last, on the subject of Church Union. The matter of the congregations balloting on the question of Organic Union with the Methodist and Congregational bodies is now to the fore and ballots are to be in by March 1912. In the meantime a programme of education is being followed out by the churches.

Mr. Dallas is to be in Wetaskiwin again on the evening of Nov. 29th, when he will give an illustrated address on his recent trip to the Old Country, to the Young People's Society.

The pastor, Rev. E. McGougan will occupy the pulpit at both services next Sunday. In the morning the sacrament of the Lord's Supper will be dispensed and in the evening the subject will be "The Book of Books."

METHODIST

Next Sunday will be a special day in regard to the young folk's work. Rev. J. P. Westman, late of B.C., but now secretary of Sunday schools for Alberta and B.C., will preach both morning and evening and also address the Sunday school in the afternoon. The singing will be led by the girls' choir in the morning and by the junior choir in the afternoon. In the evening the choir will be assisted by Miss Anderson and others who have returned to town. All are cordially invited to attend any or all of these services. A special collection will be taken on behalf of the new Sunday school rooms which are expected to be so far complete as to be in use for the day. Sunday school scholars are specially desired to bring as liberal an offering as possible.

The Epworth League will have a very interesting evening on Tuesday, Nov. 28th, when Rev. J. P. Westman and Rev. R. O. Jolliffe who have lately returned after a seven years' sojourn from Sy Chuan in China, will be present and give addresses on their respective lines of work. The public is invited to be present at this meeting.

DISTRICT COURT

Sittings of the District Court were held at the Court House, on Tuesday of this week, with His Honor Judge Lees presiding. The following cases were disposed of:—

Allen vs. Grant, wages, settled.

Askins vs. Grant, wages, judgment for plaintiff for $17.75 and costs. Knox for plaintiff, Wilkins for defendant.

National Manufacturing Co. vs. Cowan, account for goods sold and counterclaim for livery; judgement for plaintiff for $20.30 and costs and judgment for defendant on counterclaim for $28.00 and costs. Wilkins for plaintiff, Knox for defendant.

Pollock vs. Cowan, account for work judgment for defendant for $55.99 and costs, counterclaim dismissed with costs. Manley for Plaintiff, Knox for defendant.

Ward vs. Dyer, dismissed.

Fazin vs. Kaiser, sr., account for wages, judgment for plaintiff for $50 and costs. Wilkins for plaintiff and Manley for defendant.

Coomius vs. Benirsto, settled out of court.

Pollock vs. Jackson, account for work done and goods supplied; judgment for plaintiff for $115.55 and costs. Manley for plaintiff, Odell for defendant.

Slack vs. Shaw, settled.

E. O. Windsor, piano tuner is in the city. Leave orders with J.H.Robinson, Burns Block. 1t

Wanted at Once

At

Christopher's Grocery

1000 Men, Women and Children

to buy the largest and most high-grade stock of **Groceries** in the city.

HER SKIN SEEMED ON FIRE

Every Other Treatment Failed But "Fruit-a-tives" Cures

GRANDE LIGNE, QUE., Jan. 2nd, 1910.

"My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try "Fruit-a-tives", and the effect was marvellous. Not only did "Fruit-a-tives" entirely cure the Eczema, but the Asthma, which she suffered from, was also completely cured.

We both attribute our present good health to "Fruit-a-tives". N. JOUBERT.

"Fruit-a-tives" will always cure Eczema or Salt Rheum because "Fruit-a-tives" purifies the blood, corrects the Indigestion and Constipation, and tones up the Nervous System.

"Fruit-a-tives" is the only medicine in the world made of fruit juices and valuable tonics, and is the greatest of all blood-purifying remedies.

50c. a box—5 for $2.50—or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

FARM LABOR FOR PRISONERS

The experiment made by the Government of Ontario to place prisoners on farms and permit them to work out their scatences there has been very satisfactory. The experiment was not original with Ontario and the system has always had good results.

Rev. C. W. Gordon ("Ralph Connor,") in Winnipeg, has made strong condemnation of the present day system of punishment of crime. He points out that the idea of reforming the prisoner is quite forgotten.

It is even further than that. Some unfortunate, yielding for the instant to temptation, is sent to prison to serve out a short sentence with hardened prisoners. When the young man comes out his education in crime is about completed and he is turned adrift a danger to society. This is not an exaggerated picture, and it shows how far we can come from solving this important matter.

The present system is not only heartless and unfair to the young man committing crime, but it is commercially speaking very bad business, because the country is paying a lot of money to promote crime and increase criminals.

This is not a matter of mere sickly sentiment. The state should punish law-breakers and punish them properly. At the same time the present system of dealing with prisoners is very far from being effective. The system of farm labor for prisoners and the separation or classification of prisoners and the extension of the parole should be introduced in every province.

FROM CHINESE MISSIONARY

The following letter was received by Rev. W. J. Huggith, Calgary, a few days ago, from Rev. J. R. Earle, who is well known in this district.

"Kaiting China,
Sept. 13, 1911.

"Dear Friends,—The following missionaries from Jenshow arrived safely at Kaiting last night, and are leaving for down river today: Mr. and Mrs. McAmmand, Mr. and Mrs. Earle Dr. and Mrs. Allan, Dr. and Mrs. Thompson, Mr. and Mrs. Elson and Miss Switzer.

"We are entirely cut off from Chengtu, where all the members of our Canadian Methodist Mission are supposed to be; at least they have not yet been able to reach Kaiting. We cannot get communication with them by wire mail or letter. We are hoping and praying that they may be safe. The city is now besieged by many hundreds of thousands. Several engagements are reported to have taken place outside the city walls but the information regarding the results is very indefinite. We have received the utmost kindness and have been fully assured that no harm will befall us. Our protection has been assured not only from the officials concerned, but everywhere the insurgents have warned the people in no way to interfere with mission property. The one cause we have for fear is the plundering riff-raff. The insurgents are going up to the Capital and anxious times are expected.

"We are informed that about thirty five miles surrounding Chentu city is a solid mass of people bent on starving out the city and overthrowing the government. We cannot get a telegram to or past Chung-King, on we would send one at once. I am writing in case no telegram should be sent within the next few days. I will cable as soon as it becomes possible.

Yours sincerely,
(Signed) J. R. Earle.

BAWLF
(From The Sun)

At the home of the brides parents, Mr. and Mrs. Ralph Peterson at Bawlf, the wedding took place at 9.30, on the evening of November 15th, of Miss Nora Amelia Peterson to Mr. John Skelton, of Adanac. Rev. R. Swenerton performed the ceremony, Miss Adela Anderson, being bridesmaid, while Mr. Hermon Peterson ofe ated as best man.

Ludwig Peterson who received threatening on the 4th inst., or A. T. Schneider, Arthur Rhyalson, John Dubbitz, McCarty Bros., James Niner, J. W. Thirsk and R. T. Ryder, turned out 95,000 bushels by weight in a period of just 24 days threshing. These farmers all report a very even yield of about 100 bushels to the acre, while Mr. Thirsk reports a yield of 113 bushels to the acre.

For sale by Red Cross Drug Store.

THE INDIAN REPORT

The annual report on Indian affairs shows that no remedial measures so far adopted by the governments of this continent have been able to prevent the decreasing of the Red Man.

The census of 1901 showed that there were 127,932 Indians in Canada. Yesterday's figures reduced the total to 103,661. Thus does the story of decrease go on from decade to decade down the century.

The only feature of the report that may be called in any degree optimistic is the increased interest the Indians are showing in the matter of agriculture. In this province alone the report shows an output of $435,000 in grains and roots. An increase in the grain production by Indians of Alberta should and rightly so, be a source of congratulation to those who are appointed by the government to supervise the affairs of this vanishing race, and there the matter will end.

In spite of it, the Indian is going with his traditions and history. The stoicism which many people talk of with admiration as the saving characteristic of the race, is probably the result of its undoing. It spells detachment, detachment from the affairs of life means lack of interest, and that means death. If nobility of character could have saved the Indian he would have survived and increased, for there is much of nobility in his makeup. The very thing that looked as though it would have saved him from annihilation has turned out to be the greatest enemy. It was thought that proper housing and sanitation would have prolonged the life of the race. Instead of which it has decimated its ranks, and introduced the white plague into these nomadic tribes with deplorable results.

By the side of these facts an increase of a few bushels of wheat is a very trifling affair.

Suffered With Nerve Trouble For Two Years.

WAS IMPOSSIBLE FOR HIM TO SLEEP.

Mr. Chas. W. Wood, 34 Torrance Street, Montreal, Que., writes:—"For two years I suffered with nerve trouble, and it was impossible for me to sleep. It did not matter what time I went to bed, in the morning I was even worse than the night before. I consulted a doctor, and he gave me a tonic to take a half hour before going to bed.

"It was all right for a time, but the old trouble returned with greater force than before.

"One of the boys, who works with me, gave me half a box of Milburn's Heart and Nerve Pills. I took them and I got such satisfaction that I got another box, and before I finished it I could enjoy sleep from 10 p.m. until 6 a.m., and now feel good.

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 3 boxes for $1.25. They are for sale by all dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Let Us Hand-Pick Them

Now is the Time to Select Candidates for Municipal Responsibility

Wetaskiwin has reached a very critical period in her history, and the future will depend largely upon the men who are elected to govern us for the next year. It is therefore of vital importance that care should be exercised in the selection of men who will next year represent us on the council board.

Mayor Fowler and Ald. Angus have declared themselves as being candidates for the mayor's chair next year. It is generally rumored that Mr. Alex Knox would also be a candidate for the honored position, but when seen by a Times reporter he "had nothing to say" regarding the matter.

Several candidates are cropping up for aldermanic responsibility, and no doubt when election day arrives, good selections can be made. Ald. Ellis has decided to stand for re-election, while Ald. MacEachern declares that he will not be a candidate. Among the new men who have announced their candidacy are E. J. Davies, Chas. D. Enman, Dr. Dudgeon, E. Nunneley, and W. H. Eggleston. The names of H. L. Higgs and J. P. Gross have also been mentioned as candidates, but these gentlemen assure us that they are not in the field.

We understand that both Messrs. J. F. Fowler and Gus. Carlson will stand for re-election to the public school board. Ald. MacEachern's name has also been mentioned as a possible candidate, as well as two doctors in the city.

As far as we can find no change will be made in the personnel of the R. S. Separate school board.

HERCULES ROTARY ENGINE CO.

SELL JAPAN RIGHTS AT BIG PRICE

The shareholders of the Hercules Rotary Engine Company, Limited are jubilant over the agreement made last Friday between B.R. Nagatany, who represents unlimited Japanese capital and the company. The arrangement covers the exclusive rights to manufacture for Japan and the Asiatic countries, and is very gratifying to both parties to the agreement. The company is to receive a substantial cash payment, and to take forty per cent. of the capital in a company to be formed in Japan to carry on the manufacture of the engines in that country. The other details of the deal will be explained at the annual meeting to be held on December 6th. Mr. Nagatany is more than enthusiastic over the engine, and stated that it was "one of the greatest engines that was ever introduced to him." The reputation of Mr. Nagatany is known to many in the province as he has been the promoter of the large Japanese colony near Cheadle, and some five years ago successfully promoted a five million dollar water and electric power company, one of the largest of its kind in the Orient. His brother is in law is second in command of the navy yards and locomotive shops owned by the Japanese government. The company will now be obliged to construct several demonstrating engines to to shipped to Japan at the earliest possible date.

Town Topics

Mrs. P. A Miquelon announces that she will be At Home on the fourth Tuesday of the month.

R. W. Manley was a traveler to Alix on Tuesday, where he went on professional business.

Harold Sharpe left on Tuesday for Stettler, where he will spend some time the guest of his brother Whip.

H. I. Call made a business trip to the Capital on Monday, returning Tuesday evening. He was accompanies by Mrs. Call.

The annual meeting of the Wetaskiwin Agricultural Society will be held on the afternoon of Wednesday, Dec 6th, for the winding up of the year's business, and for the election of officers, etc.

The many friends of Mr. and Mrs. E. P. Mehus are pleased to know that their little daughter who has been suffering with whooping cough and pneumonia for several days, is now convalescing nicely and there is strong hopes of her ultimate recovery.

Geo. Stiles, of Connel Kalk, Wis., was in the district a few days ggo, a guest of Mr. and Mrs. E. A. Carr. He was en route for Lomelinda, Cal., where he will spend the winter. By going via Canada he claims he saved money, and in addition saw the best part of Western Canada.

Mr. and Mrs. S. W. Perkins and family left on Tuesday evening for Ponoka, where they will in future reside. Mr. Perkins having purchased the Pioneer Livery Barn in that town. They are old-timers here and will be greatly missed by their many friends who all join in wishing them all success in their new home.

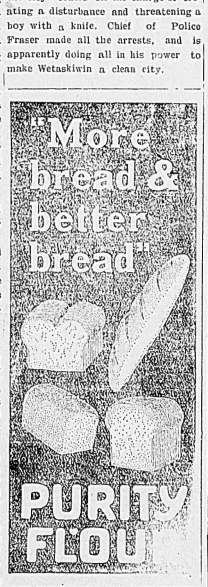

It has been decided to hold the hospital ball on the date first decided, namely, Friday evening, December 8th It was intimated a short time ago that the event had been postponed to a later date, but the management has reconsidered the matter, and decided to hold the ball on the date first announced.

Considerable excitement prevailed in the city the fore part of the week, when it was learned that the seven-year-old son of Mr. and Mrs. John Carlson had been bitten by an estray dog which was reported to be mad. The arm was badly lacerated, and a physician was quickly summoned. The dog has since been shot, and the boy is doing as nicely as can be expected.

The ladies of the Hospital Aid are now busily engaged in furnishing the new hospital building, and would be pleased to receive donations of the following: Bathrobe, grey socks and bedroom slippers for men; old linen and cotton, table cloths, napkins, tray cloths, two dozen cotton sheets, and five pairs woolen blankets; jellies and all kinds of delicacies will be also greatly appreciated. All articles might be sent to the hospital direct, and proper credit will be given to the donor.

Thos. McNabb, of Lethbridge, Grand Master of the Grand Lodge of Alberta A.F.&A.M., paid an official visit to Wetaskiwin Lodge, No. 15, on Wednesday evening of this week.

Justice of the Peace Shantz had a busy week arraigning those who had imbibed too freely of fire water and creating a disturbance. On Friday last there were four cases, being Hans Peterson, who was fined $10 and costs R. Henackson, who wass assessed a similar amount; Wm. Girling who was let off with $3.00 and costs; and two Indians, Gustoce Micknown and Joseph Omaeut, each of whom paid $5.00 and costs. On Saturday James Wilson was charged with being drunk, and was relieved of $1 and costs. The same day Chas. Nashen and Moore McNichol were found guilty of creating a disturbance while under the influence of liquor, and were fined $5.00 and costs for their fun. Johnston Gibston also added $5.00 and costs to the city coffers on the charge of creating a disturbance and threatening a boy with a knife. Chief of Police Fraser made all the arrests, and is apparently doing all in his power to make Wetaskiwin a clean city.

WE REPAIR WEAK MEN

ONE SECRET OF OUR SUCCESS. Every case submitted to us receives the personal attention of our Medical Staff, who consider the symptoms, complications and chronicity, and then decide as to the disease and curability. Specific remedies are then prescribed for the case and are compounded by our own chemist in our own Laboratory. Such appropriate treatment cannot fail to cure, as specific medicines are selected to cure the symptoms that trouble you. We have no cure-all medicines like most specialists use who send the same medicines to all patients alike and cure none. We have treated patients throughout Canada for over twenty years and can refer to any banks as to our responsibility.

We Guarantee Cures or No Pay. We Treat all Diseases of Men and Women.

TAKE CARE OF THE SOIL

J. H. Pettit, Professor of Soil Fertility, University of Illinois, who ac companied an editorial party over C. P.R. lines, during last August, dictat ed the following to a Western Progress representative. His remarks deserve careful consideration.

"It is difficult or almost impossible to conceive of the potential wealth which Canada has in her vast area of rich virgin soil. At present and for decades to come, Western Canada will be a purely agricultural country. It is therefore most important that Can ada should realize the basis of her most important industry and begin at once measures looking towards its conservation.

It has been the history of agriculture the world over that man works out the land and wastes its natural resources. This has been the history of European countries, has taken place in the eastern United States and has already proceeded too far in the west central states.

At this present moment it is up to Western Canada to profit by the ex periences of these older, but still comparatively new countries. With some very important exceptions, as for in stance the Nile Valley, there is no land on the face of the earth whose natural fertility is so rich but that the methods or systems of farming employed by the average man will rapidly reduce its productive power. As a rule, the farmers themselves are not responsible for this result, be cause they use the best information they have from experience and observation. The fault lies with the states men of the country and the educated people who have access to the facts bearing upon the problem.

As in the States, so in Canada, the greatest crying need at the present time is for a system of education which will bring to light the knowledge of the absolute principles upon which the productive powers of the land are based. It the main the soils in Western Canada are rich in the materials of which crops are made. They are made up of silt and clay which is probably well supplied with the mineral elements of plant food and mixed with this is a good amount of organic matter containing nitrogen. As a rule they are fairly well surface drained though in some places as development proceeds, ditches and tiles will doubtless need to be put in. In some places the soil contains some a mount of coarse sand and in places even fine gravel though only in some amounts as to increase the ease of working. While the use of a system such as wheat followed by fallow, or wheat, oats, barley followed by fallow, in which the straw and stubble are burned, will result in satisfactory crops, for possibly a decade upon the richer soils, this system of soil mining will not last indefinitely because fallowing land does not add anything to the land, but simply makes avail able to the following crop a larger portion of the fertility contained in the soil. To maintain these soils in even a fair state of productiveness some return must be made and the earlier this is begun the longer can these soils be maintained. The seeding of a clovet crop immediately pre ceding what would ordinarily be fallow and allowing this to remain upon the land, for a year and then turned under will have a vastly greater permanent effect upon the soil than the use of fallow.

If clover does not do well a seeding of Canadian peas upon the land to be turned under will vastly help the soil. Further, in the near future the practice of burning straw and stubble must be abandoned inasmuch as these if turned under would replace very largely the organic matter of the soil, which both continuous grain growing and fallow rapidly removes from the soil.

It would be a comparatively simple matter if this is undertaken in time to develop a system of cropping which will itself maintain to a con siderable degree the natural productive power of the soil. In great areas of Western Canada however, there is little doubt but that maximum production will be limited not so much by the richness of the soil as by the lack of moisture and the occurence of early frosts. The former can be largely overcome by the employment of good methods of cultivation which have recently been characterized as dry farming methods. Further it is a fact that when the soil is rich less water is necessary and it should be pointed out that if the present natural fertility of some of these soils occuring in a region of small rainfall are allowed to lose their original fertility, their productive power will fall off very rapidly. Early frosts if they continue, can be overcome by the development and use of early maturing varieties of grain such as are being developed at the Indian Head Experimental Farm. The farmers in these western provinces should remain in close touch with the experimental farms which the government is carrying on as for example at Indian Head and Saskatoon. They should support them with their interest and should see to it that further experimental farms and institutions in which in struction in the fundamental principles of agriculture may be obtained are established.

Western Canada is already an important factor in the world's wheat granary, but her final influence will depend absolutely upon whether or not she maintains the productive power of this vast area of rich prairie land."

MILEAGE OF THE GREAT TRANS CONTINENTAL RAILWAY

It is interesting to note the progress that is being made by the Grand Trunk Pacific Railway, and for the information of the public we publish the following particulars regarding this great Transcontinental railway. The lines at present in operation are as follows:

Fort Wil liam northwest via Winnipeg, Saskatoon, Edmonton and Edson to Fitzhugh 1472 miles.

Prince Rupert to Copper River 100 miles.

Canora via Yorkton and Melville to Regina 154 miles.

Tofield, Alta., to Mirror 71 miles.

There is also a total mileage of about 900 on other sections of the eastern division which is in partial operation by construction traint:—

Fitzhugh, Alta., to Copper River, B. C., 618 miles.

Regina, Sask., via Moose Jaw, northwest 92 miles

Regina to International Boundary, 130 miles.

Aban to Battleford, Saskt 43 miles.

Young to Prince Albert, Sask., 112 miles.

Mirror to Calgary 130 miles.

Biggar, Sask., southwest 105 miles.

Alberta Coal Branch 56 miles.

Harte to Brandon 25 miles.

A BARGAIN INDEED

It would be impossible to figure what a benefit the Family Herald and Weekly Star of Montreal has been to The West. It affords the greatest amount of genuine good reading for every member of the family and its benefits to the farming community in its agricultural pages are worth hundreds of thousands of dollars every year. It is not merely a theoretical paper. It is a practical farm paper in every respect and there is no farmer in Canada who cannot profit by reading it. Two cents a week one dollar a year—The price of one bushel of wheat for a whole year subscription to that great paper, no to speak of the beautiful premium picture "Home Again," size 22 x 20 inches, ready for framing. It makes one wonder if the publishers pay their paper bills. Any home in this Western country that does not receive The Family Herald and Weekly Star for 1912 will miss a bargain indeed.

Probably the biggest real estate turnover in the Canadian West in any one section, has taken place in East Calgary since the announcement of the C.P.R. shops. About 29,000 lots at an average of $175 a lot had been sold since the announcement

The wheat that won the Shaughnessy prize at New York a few days ago is a new variety named Marquis which has been grown by Mr. Wheeler for two years. It is an offspring of red fife and ripens from 8 to 10 days earlier. Mr. Wheeler's yield this year was 70 1-5 bushels per acre from one field and 80 2-3 from another. It is interesting to note that Mr. Wheeler paid the C.P.R. $3 per acre for his farm 18 years ago, and for two bushels of his Marquis wheat he has received from the C.P.R., nearly the whole purchase price of his farm.

SEVERE COLD DEVELOPED INTO PNEUMONIA

DOCTOR SAID HE WOULD NOT LIVE.

Next to consumption there are more deaths from pneumonia than from any other lung trouble.

There is only one way to prevent pneumonia, and that is to cure the cold just as soon as it appears. Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mr. Hugh McLeod, Esterhazy, Sask., writes:—"My little boy took a very severe cold, and it developed into pneumonia. The doctor said he could not live. I got some of your Dr. Wood's Norway Pine Syrup and he began to improve right away. He is now a strong, healthy child, and shows no signs of it coming back."

Do not be talked into buying any oth Norway Pine Syrup, but insist on getting the original "Dr. Wood's." It is put up in a yellow wrapper; three pine trees the trade mark; price, 25 cents.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

For sale by Red Cross Drug Store.

A FAIR OFFER

Your Money Back if Your Not Satisfied

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way what ever, if you accept our offer. That' a mighty broad statement, but we mean every word of it. Could anything be more fair for you?

A most scientific, common-sense treatment is Rexall Orderlies, which are eaten like candy. Their active principal is a recent scientific discovery that is odorless, colorless and tasteless; very pronounced, yet gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, flatulence, griping or any inconvenience whatever Rexall Orderlis are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can get them in Wetaskiwin only at our store. 12 tablets 10 cents; 36 tablets 25 cents; 80 tablets 50 cents. Sold at our store—The Rexall Store. H. L. Higgs.

BLACK KNIGHT STOVE POLISH

You don't have to mix "Black Knight" Stove Polish.

There is no black watery liquid to stain your hands or dirty the floor.

There is no "hard brick" to scrape—no trouble—no waste—no hard rubbing.

"Black Knight" is a firm paste—ready to use—quickly applied—and shines quick as a wink.

It's as simple and easy to use as shoe polish, and a big stove can be shined with it almost as easily.

Perhaps your dealer does not handle "Black Knight" Stove Polish. If so send 10c. for a big can, free postpaid.

THE F. F. DALLEY CO. LIMITED, Hamilton, Ont. 25

Makers of the famous "2 in 1" Shoe Polish.

A BALD-HEADED WOMAN

Shorn of Her Crown and Beauty, Loses in Love and Marriage

Hair is most necessary to women. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet, right here in Wetaskiwin, there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time until it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break and come out. They do not shampoo their head often enough, or too often They use soaps or preparations which contain ingredients positivey harmful to the scalp and hair.

As a result of such treatment dan' druff is created, the hair loosens, loses color, falls out and baldness commences, unless proper and prompt precautions are taken in time. Then again, microues and certain diseases bring about unhealthy scalp and hair conditions.

Almost any woman may rid herself of dandruff and diseased scalp and hair if she will but use the right remedy, and we will positively guarantee that it will cure dandruff and baldness or it will cost the user nothing.

That's a pretty broad statement, but we will back it and prove it with our own money. We will return your money if you do not find that Rexall "93" Hair Tonic is an entirely satisfactory remedy that will promote hair growth and overcome scalp and hair troubles; that it will grow hair even on bald heads, unless all life of the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of a 100 cases, where it received a thoroughly hard, impartial ...and practical test.

We want you to try Rexall "93" Hair tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over and then come in and see us aqout this offer. You will be well repaid for your visit to our store. Remember, you can get Rexall Remedies in this community only at our store — The Rexall store. H. L. Higgs.

A Safe Guide

to follow in selecting a farm is to go out and see it at just this time of year, while the crops are in the barns, before they are fed up. You can see then just what it will produce and do not have to take anyone's word for it. We have some that are famous producers and are making good money for their own ers every year. Better come in and see us about them.

NEW GOVERNMENT WILL GIVE SPECIAL ATTENTION TO BUILDING OF PUBLIC HIGHWAYS, : :

Ottawa, Ont., Nov. 16.—Under conditions which were ideal the first session of Canada's new parliament was opened today with the reading of the speech from the throne by H. R. H. the Duke of Connaught. The sun shone brightly on a mantle of snow, which added to the brilliancy of the military parade and had an exhilarating effect upon the thousands who turned out to watch the new governor-general on his progress to the parliament buildings. The Duke was provided with a smart escort from the Governor General's guards and preceded the main door of the parliament buildings promptly at three o'clock, where he was received by a guard of honor from the Governor General's foot guards, while the cannons boomed forth the royal salute.

In the speech from the throne it is pointed out that a permanent tariff commission will be appointed and that special attention will be given to the construction of public highways for the benefit primarily of the farmers. This question will be taken up with the various provinces in order that a definite, comprehensive scheme may be decided upon. Among other things which will engage the attention of the house during the coming session will also be the location of the route of the Hudson's Bay railway, an early announcement on which is expected at an early date. No reference is made to the naval policy of the government.

A motion appointing the striking committee and suspending the rule, fixing the number of members on each committee was passed. The internal economy committee composed of Hon. Messrs. Borden, Monk, Perley, Reid and Roche was appointed to act with Mr. Speaker, and the House adjourned.

The members of the House, more particularly those of the Opposition have given notice of a large number of questions which indicate the nature of the business, which will to some extent engage the attention of the House in the course of the next few weeks. The official acts of the new government since it came into office are being made the subject of much inquiry by the Opposition members.

REDUCTION IN THE PRICE OF CEMENT

In November, 1910, it was announced that the price of cement had been reduced. That announcement was admitted by many as corroborative of the opinion that the cement interests in Canada would prove a good thing for the public.

The theory of a consolidation such as the Canada Cement Company is that the consolidated interests are in a position to effect economy in production and distribution.

That the Canada Cement Company are working upon the idea of increas- rather than curtailing production and obtaining higher prices, is clearly shown by its president's report to the shareholders at the last annual meeting, when he stated: "It is confidently expected that the increased demand and increased output will result in further savings in the cost of manufacture and distribution, and it is the policy of our directors to give your customers the benefit of these reductions."

This is further evidenced by the announcement, which was made on November 1st, 1911, of the still further reduction in the price of cement. The reduction in some districts is 10 cents per barrel, and in others 5 cents. On the whole it will probably average 7 cents per barrel. This reduction—with the reduction made last year—means a very large saving to the cement consumers of Canada.

We trust that the expectations of lower cost voiced by the president of the Canada Cement Company, will be realized again next year, so that the company may continue its policy of giving the benefits of these reductions to its consumers—thereby enlarging the uses to which cement may be put

A school boy asked to write an essay on ducks, submitted the following:—"The duck is a low, heavyset bird, composed mostly of meat and feathers. He is a mighty poor singer having a hoarse voice, caused by getting so many frogs into his neck. He likes the water, and carries a toy balloon in his stomach to keep him from sinking. The duck has only two legs and they are so far back by nature, that they come pretty near missing his body. Some ducks, when they get biz, have curls on their tails, and are called drakes. Drakes don't have to set or hatch, but just loaf about and go swimming, and eat everything in sight. If I was to be a duck I would rather be a drake.

IF THE LIVER IS LAZY

STIR IT UP BY THE USE OF

MILBURN'S LAXA-LIVER PILLS.

They stimulate the sluggish liver, clean the coated tongue, sweeten the breath, clean away all waste and poisonous matter from the system, and prevent as well as cure all sickness arising from a disordered condition of the stomach, liver and bowels.

Mrs. Matthew Sullivan, Pine Ridge, N.B., writes:—"I find here trouble with liver complaint for a long time. I tried most everything I could think of, but none of them seemed to do me any good, but when I at last tried Milburn's Laxa-Liver Pills I soon began to get well again; thanks to The T. Milburn Co. I would not be without them if they cost twice as much."

Milburn's Laxa-Liver Pills are 25 cents per vial, or 5 vials for $1.00, for sale at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A NEW MOUNTAIN WORLD

An further particulars are received from the exploration party under Mr. A. O. Wheeler, director of the Alpine Club, regarding their recent expedition over the Grand Trunk Pacific Railway through the Canadian Rocky Mountains it is known that the new transcontinental railway will be able to offer to its patrons the finest scenery of any of the transcontinental railways in America.

In the last report received the territory in the vicinity of the head waters of the Athabasca and Whirlpool rivers is touched upon, and are Mr. Wheeler states, opening up a field for exploration and research, mountaineering and camping that is absolutely new, and of which practically nothing is known. This group of mountains is magnificent. It rises approximately to 12,000 feet above the sea level, and shows contours of the wildest and boldest possible forms. Immense snowfields and huge glaciers are everywhere. Boldest and most inaccessible rise the black precipices of Mount Goltie, the central point of the group. Again to the south are an endless array of peaks, towers and pyramids, domes, castles and ramparts in bewildering confusion.

An attempt was made to identify the much talked of giants, Columbia Bryce, Lyall, Forbes, etc., but in the chaotic whole it could not be done with any certainty.

NEW SWEDEN

The sewing circle of the Scandinavian Congregational church, at New Sweden, will hold an auction sale of fancy goods, suitable for Christmas gifts at the church on Wednesday evening, Nov. 29th, at 7 o'clock. Refreshments will be served. All cordially invited.

Mr. and Mrs. Elof. Peterson arrived on Tuesday from Sweden to visit relatives in this vicinity.

DOUBLE WEDDING

Samuel Erickson, of Killam was married to Miss Clara D. Moan, also of Killam, at Wetaskiwin, on Friday, November 10th. At the same time and place Mr. Crest Erickson of Killam, was married to Miss Bertha M. Halvorsen, also, of Killam.

The brides both came here last summer from Fredericstadt, Norway, while the grooms who are brothers, have resided here for the past seven years, during which time they have proven two of Killam's most prosperous and progressive young farmers.—Killam News.

Following the secret investigation conducted by the city officials on Thursday afternoon several local coal merchants rallied at the city hall Saturday, and expressed indignation at the treatment. The statements made this morning were rather different to those submitted by the detective. For instance one of the coal vendors stated to Commissioner Candy that he was not hard pressed for coal and could supply a good quantity and was supplying citizens at the present time. The same merchant is quoted by the detective as stating he could not supply any coal for two weeks.—Journal.

AN ENGLISH CHEMIST HAS DISCOVERED HOW TO GROW HAIR

In England the ladies have entirely abandoned wearing rats, which is due entirely to this new discovery.

It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day.

The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale.

This preparation is called Salvia, and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perfumed, Salvia makes a most pleasant hair dressing. Walker's Pharmacy, your druggist, is the first to import this preparation into Wetaskiwin, and a large, generous bottle can be procured for 50c.

We appreciate it if you will drop into our Optical Parlor and consult our opticians, who are especially equipped with the most modern instruments for eye-sight testing.

They will be pleased to give you their best advice. We have testing rooms especially fitted for this purpose, and satisfactory service is assured.

OPPOSES RELIGIOUS TEACHINGS IN SCHOOLS

Edmonton, Nov. 20.—Alleging that it would hasten the organization of a large number of separate schools throughout the province, institutions in which he does not believe and which he thinks will not always exist, Rev. F. W. Patterson, pastor of First Baptist Church, delivered a strong address before a mass meeting of men in the church auditorium yesterday afternoon against the introduction of religious instruction in the public schools of Alberta, or of any other part of the Dominion of Canada.

The large auditorium was more than three-quarters filled with men, many of whom are prominent in the city, and then approval of his statements was made plainly evident.

The Alberta Gazette, the official organ of the Government of Alberta, in seven pages of stately English, warns all subjects of His Britannic Majesty in Alberta to duly observe a position of neutrality in the war between Italy and Turkey and to give no comfort nor assistance to either of their Imperial Majesties now unhappily in a state of war.

A flash of Alberta is now projected, with headquarters in Calgary.

Calgary, Alta., Nov. 17. — H. E. Stephens, a mining engineer, who is interested in the Red Deer river gold claims near Stettler, states that the deposits are not nearly so rich as reported, and that all the mineral bearing deposits have been staked out in claims which will be put on the market, although many of them are absolutely worthless.

Edmonton, Alta., Nov. 17. — None of the coal companies in Edmonton is in a position to take orders for coal, being booked for their total supply weeks in advance. The city officials are giving the situation serious consideration and may take steps to bring in coal, if the temperature drops again they will be in grave straits.

MUNICIPAL BILL AN IMPORTANT ONE

The rural municipalities bill, which apart from the railway legislation to be brought down by Premier Sifton, will be the most important government measure of the forthcoming session of the legislature, will be given considerable attention by the cabinet next week.

A deputation from the local improvement districts and other bodies, which will be affected by the bill, will be received by the attorney-general, Hon C.R. Mitchell, on Tuesday next. In the main the bill will be based in the rural municipalities act now in force in Saskatchewan. The municipalities will replace the local improvement in regard to taxation and borrowing districts, receiving much wider powers than the districts possess. A 'much wider measure of self government than is now enjoyed will be granted and the central government will be relieved of many of the duties which devolve upon it.—Capital.

Owensboro, Kyt, Nov. 18. — Twelve thousand barrels of whiskey let loose by fire, which destroyed a bonded warehouse of the Davies County Distilling Co. here last night, were licked up by the flames or lost when the blazing liquor flowed out upon the Ohio River, covering the surface of the stream with a sheet of fire. The fire was spectacular. The loss is $250,000, practically covered by insurance.

Burdock Blood Bitters

CURES ALL

SKIN DISEASES

Any one troubled with any itching, burning, irritating skin disease can place full reliance on Burdock Blood Bitters to effect a cure, no matter what other remedies have failed.

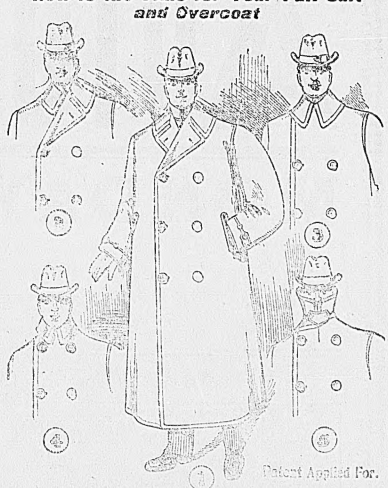

It always builds up the health and strength on the foundation of pure, rich blood, and in consequence the cures it makes are of a permanent and lasting nature.

Mrs. Richard Coutine, White Head, Que., writes:—"I have been bothered with salt rheum on my hands for two years, and it itched so I did not know what to do. I tried three doctors and even went to Montreal to the hospital without getting any relief. I was advised to try Burdock Blood Bitters, so I got three bottles, and before I had the second used I found a big change; now to-day I am cured."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

For sale by Red Cross Drug Store.

MADAME SHERRY

Fortune's vagaries theatrically after a fresh manifest in the recent somewhat startling return to the big spot lights of New York's Broadway of George Lederer. Lederer, about seven years ago, after giving Broadway about a score of successful musical productions, all of which he staged as well as produced—and in some measure wrote—the list including "The Passing Show," "The Bells of New York," "The Whirl of The Town," "In Gay New York," Yankee Doodle Dandy," and other hits, suddenly picked up over night and hired to Chicago, where he settled down unambitiously as a non-producing house manager at the Colonial Theatre. Last August the man who had "discovered" Edna May, Dan Daly, Ethel Bell and a hundred other odd players, who won fame under his standards, popped back into the big town without warning with a new musical piece and is again the most talked-about of all the musical comedy producers of the big town, "Madame Sherry," the medium signalizing the exile's return, scoring the biggest native musical comedy success of the past twenty years.

"Madame Sherry" will play here at the Angus Theatre, by the New York New Amsterdam Theatre Company on Tuesday, Nov. 28th, for one night only.

The many friends of E. T. Williamson, who has been laid up for several days with an attack of the grippe are pleased to see him able to attend to business again.

Mr. Knox, who has been the obliging ticket agent at the depot here for some time, left on Monday for Ex-shaw, where he takes charge. His many friends regret his departure.

Miss C. M. Rathburn, of Ponoka is second in this district in the Calgary Albertan California contest. She expects to be in Wetaskiwin again shortly, when she hopes to get another boost by receiving renewals and new subscriptions for the Albertan Help her win the trip.

Dr Morse's Indian Root Pills positively cure Constipation and all kindred & resulting troubles. 25¢ a box. 16

Mrs. George McManus and daughter who have been visiting relatives at Portage la Prairie and other places, east, returned home this week. Mr. Mc Manus, who has also been spending a vacation at different places out of the city, has returned.

The C.P.R. gangs, which have been doing extensive work in the yards, here for several weeks, in constructing a couple of miles more side track and in blasting the cut off just north of the city, concluded the work last week, and have dispersed. The cut-off, which runs west of the water tank, is now in use, and lessens the distance considerably.

Cook's Cotton Root Compound.
The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. PREPARING FOR HANDLING THE ROCKY MOUNTAIN FOREST RESERVE

Forestry upon the Eastern slope of the Rocky Mountains was only begun by the setting aside of 13,000,000 acres as a permanent public forest. In order that this area may be protected from fire, may be made accessible to lumbermen, settlers, ranchers and all others who wish to use it, and in order that it may be so developed that every acre be continually producing valuable timber it is necessary that a great deal of improvement work be undertaken. This work, both the construction of roads, trails, fire guards and telephone lines, and the handling of timber sales will be conducted by the Dominion Forestry Branch.

In order that the work carried out by the Forestry Branch on the Eastern slope of the Rockies may not be of an experimental value but may con form with the best experience of the foresters of the continent; the Director of Forestry is sending one of the officers of the Forestry Branch, together with Mr. Albert Helmer, Chief Forest Ranger in charge of work on the Rocky Mountains, to inspect and study the work conducted during the past few years on the National Forest in Montana. The United States Forest Service now has employed a trained staff of over 2,000 men and spends nearly 5.000,000 annually in building trails, telephone lines and forest ranger's houses on the National Forests and in making studies of the best way to handle logging operations so as to improve and perpetuate the forest without interfering with the settlers and lumbermen. Conditions in Montana are much the same as in Alberta, the management of the public forests in Montana has proven highly satisfactory to the ranchers, farmers miners and lumbermen, and yet the forests have been so managed as to lessen the fire danger and insure the future production of timber on all areas cut over. Canadian officials are very fortunate to be in a position to benefit by the practice in the United States.

Lougheed is being raised to the status of a village. The election of the first council takes place on Oct. 31st, with H. L. Gray as returning officer.

Detroit, Mich., Nov. 18.—Amongst a score of damaged vessels in places of refuge, a number of deserted barges left to the mercy of the elements, several costly vessels aground, many sailors cared for in live saving stations and the prospects that the live savers must battle throughout the night to prevent the loss of lives such is already the partial toll of a fierce gale and blizzard which raged on Lake Huron and Lake Michigan and across the Strait of Mackinac yesterday.

Mr. R. B Bennett, of Calgary, has resigned his position as chief counsel for the Canadian Pacific Railway in Alberta.

LATEST PICTURE OF BORDEN

This is the season to subscribe for a newspaper, or to renew, if already a subscriber. Our paper is as good as any.

It represents the welfare and progress of the community and district with which it is identified, and is, apart from its local value, an all-round up-to-date newspaper.

The recent change of Government has made the Hon. Mr. Borden the central figure in our Canadian public life. Many would like a good picture of him. We can supply one free. We will send anyone our paper for a year, and The Weekly Mail and Empire (the regular rate of which is $1 a year) for the same period, the two together, to include free picture of the New Canadian Premier, for $1.50.

The Borden picture is on fine paper suitable for framing, in photo tints, 18 x 24 inches, and is in itself as a work of art, easily worth the price of a year's subscription to either paper. Send all orders to The Times office.

BEWARE OF BLOOD-POISON

Zam-Buk Is a Sure Cure

Mr. James Davey of 780 Ellice Avenue, Winnipeg, says:—"A few months since I was cured of a poisoned finger through the timely use of Zam-Buk.

"I cut a deep gash across the knuckle on the first finger of my right hand in opening a lobster can. I suffered at the time with the soreness and pain, but had no idea it would become a serious wound. However, in about two days I was greatly alarmed; as my whole hand and arm to the elbow became suddenly inflamed, and the finger was much discolored, showing signs of blood-poisoning. The pain was dreadful and I was forced to leave off my work and go home

"The wound on the knuckle had been poisoned by dust and dirt getting into it. I then decided to start the Zam-Buk treatment, and having first bathed the cut, I applied the almost instantly, and by next day there was a great improvement.

"In a week's time through preseverance with this wonderful preparation, a complete cure was brought about."

Zam-Buk is just as good for eczema, ulcers, scalp sores, abcesses, piles, ringworm, boils, varicose ulcers, running sores, chapped hands, etc. It draws all poisonous foulness from a wound or sore and then heals. Use it, too, for cuts, burns, bruises and all skin injuries. Zam-Buk soap should be used in conjunction to the balm for washing wounds and sore places. Excellent too for baby's bath.

All druggists and stores sell Zam-Buk at 50c. box and Zam-Buk Soap at 25c. tablet. Post free upon receipt of price from Zam-Buk Co., Toronto.

LAND SHOW AT CALGARY

A great deal of interest was centred in the land show at Calgary Flowers, grain and machinery and other exhibits are attractively displayed in booths, and as an advertisement should prove of great benefit to the country.

Calgary is the first city in the Dominion to inaugurate a land show, which will compare most favorably with similar shows held in the larger cities of the United States, and once again it has been shown that the western cities are leading in the vanguard of advancement and prosperity.

For pains in the side or chest dampen a piece of flannel with Chamberlain's Liniment and bind it over the seat of pain. There is nothing better. For sale by dealers everywhere.

"I do not believe there is any other remedy so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by Dealers everywhere.

Assignee's Sale

—of—

FARM LANDS and CITY PROPERTY

Pursuant to instructions of The Trusts & Guarantee Company, Limited, Official Assignees, Assignees of the Estate of A. W. Gunn & Sons, Insolvents.

There will be offered for sale by public auction on Saturday, the 25th day of November 1911, at 2 o'clock p.m., at George L. Owen's Auction Rooms, in the City of Wetaskiwin, the following property, consisting of:

1. The North-West Quarter of Section 4, Township 45, Range 22, West of the Fourth Meridian, in the Province of Alberta.

There are 45 acres under cultivation with a log house and barn on this land. There is also a mile and a half of wire fence on the place. The soil is a black loam with a clay subsoil and the whole quarter is rolling.

2. The South-West Quarter of Section 9, Township 45, Range 22, West of the Fourth Meridian.

This land is unimproved and rolling. There is sufficient hay land an this quarter to average about 40 tons of hay per year. This land is fenced all around, with the exception of some sloughs. The soil is rich black loam with a clay subsoil.

These lands are situate about 11 miles from Wetaskiwin and 2½ miles from Lewisville P. O.

3. Lots 1 and 2, Block 35, Plan M 4, in the City of Wetaskiwin, together with house and buildings standing thereon.

The house is a 2 story frame house with 7 rooms.

This property is subject to a mortgage to the B. C. Permanent Loan Co., which shall be assumed by the purchaser. Particulars of the said mortgage may be obtained on application to the undersigned Loggie & Manley.

The property will be put up in three lots. The farm lands in separate Quarter Sections and the City Property separately.

The property will be offered for sale subject to a reserve bid on each of the said parcels, which reserve bid has been fixed by the Assignees.

The standing conditions of sale of the Supreme Court of Alberta shall apply to this sale.

The purchasers shall at the time of sale deposit with the auctioneer 10 per cent. of the purchase price, and shall sign a contract to purchase and shall pay the balance of the purchase price within 60 days without interest.

Further particulars may be obtained from

GwORGE L. OWEN,
Auctioneer,
Wetaskiwin, Alta.

MESSRS. LOGGIE & MANLEY,
Wetaskiwin, Alta.
Solicitors for the Assignees.

The Misses Keane of Saskatoon, arrived in the city the first of the week to renew acquaintances. They are en route for Kamloops, where they will spend the winter.

The many friends of Mr. J.H. Martin regret to learn that he is lying very ill at his residence, and but very slight hope is entertained for his recovery. His family has been summoned, and Frank has already arrived from Manitoba, and Arthur is en route from Toronto. His brother is also with him.

KNIGHTS OF PYTHIAS OFFICERS

At the meeting of Black Prince Lodge No. 9, Knights of Pythias, in Castle Hall, Merchants Bank Block, on Wednesday evening of last week, the last details in connection with the institution were concluded, and now the new lodge is in a good condition, starting out with a membership of over thirty. The following were the officers installed: C.C., R. W. Manley; P.C.C., E. E. Cahandler, Jos. Trea, H. R. French and J. F. Franklin; V. C., C. B. McMurdo; Prelate, Geo. Kelsey; M. W., E. P. Mehus; K. R. and S., H.R. French; Ex. E. Furguson; M. Arms, W. Douglas; I. G., H. J. Welles; O. G., A. Duke, Trustees, Geo. B. Campbell, J. Trea and P. A. Miquelon. The regular meetings are to be held on the second and fourth Wednesdays of the month.
